

*Foot care products made by a podiatrist with foot care in mind.*

## PRODUCT INFORMATION

[www.theorganicfootcompany.co.uk](http://www.theorganicfootcompany.co.uk)

[info@theorganicfootcompany.co.uk](mailto:info@theorganicfootcompany.co.uk)

Our products are hand made by Natalie, a specialist high risk trained podiatrist, and Bernie, a successful expert in the field of vegan skin care.

We carefully select and combine ingredients that work in sync with one another. The ingredients we select have specific benefits for foot care and provide optimum nourishment for skin and nails.

We only use plant-based ingredients, and all our products are 100% paraben free and cruelty free, which will always be the case with our brand and products. We ensure our products all comply with EU legislation that governs product safety.

All our products are also PEG and glycol free

Our products are safe to use on those with diabetes, and are safe for use on anyone that does not have an allergy to any of the ingredients.

Our products have all been safety tested and certified.

Best regards

Natalie

## **Foot Balm**

### **Ingredients:**

Calendula; Coconut Oil; Olive Wax; Shea Butter; Roman Chamomile; Camelia Oil; May Chang; Ricinus Communis Seed Oil; \*Peppermint; \*Lime; \*Cajuput

(\* ingredients differ in products: mint and lime or cajuput)

### **Shea Butter**

Extracted from the Karite Tree. It contains natural anti-inflammatory properties.

Rich in Vitamin A and E and as a result improves the skin elasticity. Shea butter is great at locking in moisture to the skin due to its high fatty acid content (Oleic acid, Stearic acid, Lineic acid). Shea butter is beneficial if your heels are very dry/ scaly skin present and the Vitamin F in it help to maintain skin elasticity.

### **Roman Chamomile**

Soothes and calms dry, irritated skin which is beneficial for those suffering from conditions such as eczema and dermatitis.

### **Coconut oil**

Excellent in penetrating the skin to add moisture, due to high concentrations of Vitamin E. It contains natural Lauric acid which has anti-bacterial and anti-fungal properties.

Long lasting fragrance; Moisturising effects which soothes dry, cracked skin.

### **Cajuput**

Cajuput essential oil is extracted from the twigs and leaves of the Cajuput tree. It is very efficient in fighting infections from bacteria, virus, and fungi.

This balm does not leave a greasy residue and is well absorbed by the skin.

To apply, warm a little in the palm of your hands and gently massage into each foot. It will then gradually absorb in.

Store in a cool environment, away from any sources of heat i.e. radiators as the balm may start to melt if temperatures exceed 24 degrees.

Not to be used by anyone with an allergy to any of the ingredients. Suitable for use by those with diabetes.

Not to be used on broken, macerated or ulcerated skin.

Avoid contact with eyes. Not recommended to be ingested.

## Foot Cream

### Ingredients:

Aqua; Calendula Officinalis; Sunflower Oil; Rose Water; Sweet Almond Oil; Coconut Oil; Cetyl Alcohol (from coconut oil); Sodium Stearoyl Lactylate (emulsifier); Glycerine (vegetable); Benzyl Alcohol (fruit); Salicylic Acid (plum); Sorbic Acid (natural preservative); Vitamin E; Peppermint; Lime; Limonene; Linalool; Geraniol (Citronella)

### Calendula Officinalis

A botanical ingredient extracted from the common marigold. It increases hydration of the skin by stimulating collagen production and reducing dryness of skin. Natural healing properties; anti-inflammatory properties; stimulates blood flow; reduces visibility of scar tissue

### Sunflower Oil

Rich in Omega-6 to help reduce inflammation and enhance development of new skin cells. Rich in Vitamin E to help the skin retain and trap moisture in. Helps rehydrate skin.

### Rose Water

Balances skins oil production; improves elasticity of the skin; soothes irritated skin

### Sweet Almond Oil

Contains calcium; magnesium; phosphorus and vitamin E to promote nourishment to skin. Contains natural fatty acids that help retain moisture and soothe irritated skin. Does not clog pores.

### Peppermint

A soothing essential oil. Reduces itching. Refreshing scent. Contains Vitamin A and C, Potassium, Omega-3, Iron, Magnesium, Copper and Manganese. Controls excess oil secretion and helps maintain skin PH levels.

### Lime

Natural disinfectant. Aids in the removal of dry/ dead skin and clears pores due to natural abrasive properties.

Regular use is advised to ensure skin is kept well nourished. Apply to dry skin using your finger tips or palm of your hand and massage in to your feet slowly. Allow to absorb in.

Not to be used by those with an allergy to any of the ingredients.

Suitable for use by those with diabetes. Not to be used on broken, macerated or ulcerated skin. Store in a cool, dry place.

Avoid contact with eyes. Not recommended to be ingested.

## Cuticle Oil

### Ingredients:

Hemp Oil, Sweet Almond Oil; Peppermint; Lime; Sesame Oil; Jojoba; Avocado Oil; Olive Oil

### Hemp

Natural source of calcium, potassium, magnesium, copper, vitamins A, B1 (thiamin), B3 (niacin), B5, B9 (folate), and D (of which it is the only plant source), along with antioxidant vitamin E (tocopherols)

### Olive Oil

Penetrates the skin and nail, to help repair damage and rehydrate nails and cuticles.

### Jojoba

Rich in vitamin E; natural anti-bacterial, antioxidant and regenerative properties. Bacteria-resistant helping to keep nails healthy and reduces the risk of fungus developing. Close to the natural oils of our body so absorbs faster than other oils. Naturally deters microbes and prevents growth of bacteria.

### Sesame Oil

Keeps the nails hydrated, rejuvenated, moisturised & nourished. Contains natural fatty acids (Oleic, Palmitic, Steric, Lineic) to help keep skin soft and nails hydrated and nourished.

### Avocado Oil

Packed with Vitamins A, B & E, folate and plant protein

### Sweet Almond Oil

Contains calcium; magnesium; phosphorus and vitamin E to promote nourishment to skin

Not to be used by anyone who has an allergy to any of the ingredients.

Suitable for use by those with diabetes.

Not to be used on broken, macerated or ulcerated skin. To be stored in a cool, dry place.

Avoid contact with eyes. Not recommended to be ingested.

## Refreshing Foot Spritz

### Ingredients:

Lavender Water; Aloe Vera; Citric Acid; Sodium Benzoate; Potassium Sorbate; Lavender Oil; Linalool; Salicylic Acid (fruit); Sorbic Acid; Benzyl Alcohol (fruit); Cajeput

### Aloe:

It acts as a cure to insect bite, stinging, allergic reactions, small cuts, eczema, burns, inflammations, wounds, general itching. It blends very well with skin and leaves your skin feeling light and hydrated. Benefits include rehydrating brittle and dry finger nails.

### Lavender

Lavender oil's anti-inflammatory properties make it great for soothing and healing skin that's irritated or reddened from insect bites, or bacteria. A naturally relaxing, calming scent.

### Cajuput

Cajuput essential oil is extracted from the twigs and leaves of the Cajuput tree. It is very efficient in fighting infections from bacteria, virus, and fungi.

Shake well before use

Apply small amount to dry skin. If skin is wet prior to use, pat skin dry first.

Not to be used by those with an allergy to any of the ingredients.

Suitable for use by those with diabetes.

Not to be used on broken, macerated or ulcerated skin

To be stored in a cool, dry place.

Once opened use within 12 months.

## Foot Soak

### Ingredients:

Water, Coco-Glucoside (Natural Surfactant), Glyceryl Oleate (emulsifier from olive oil), Citric Acid, Tocopherol, Hydrogenated Glycerides Citrate (oily liquid derived from vegetable oils and citric acid), Benzyl Alcohol, Salicylic Acid (fruit), Glycerin (veg), Sorbic Acid, Mint, Lime

### Tocopherol

A natural organic compound rich in Vitamin E which helps increase moisture to skin and repair damaged skin cells by strengthening the skin barrier function.

### Peppermint

Soothing. Reduces itching. Refreshing scent. Detoxifies skin. Contains Vitamin A and C, Potassium, Omega-3, Iron, Magnesium, Copper and Manganese. Controls excess oil secretion and helps maintain skin PH levels.

### Lime

Natural disinfectant. Aids in the removal of dry/ dead skin and clears pores due to natural abrasive properties.

Apply small amount to foot spa/ vessels to soak feet in (4-6 drops recommended), and add warm water. Ensure temperature of water is not too hot prior to putting feet in. Soak feet for approx. 5mins and relax.

Can also be used as a foot wash not just a soak.

Not to be used by anyone who has an allergy to any of the ingredients.

Suitable for use by those with diabetes.

Not to be used on broken, macerated or ulcerated skin

Avoid contact with eyes. Not recommended to be ingested.

## Foot Mask

### Ingredients:

Water, Aloe Vera, Sodium Benzoate, Potassium Sorbate, Lavender Oil, Hemp Oil, Vitamin E, Calendula, Sunflower Oil, Xanthan Gum, Benzyl Alcohol (fruit), Salicylic Acid (fruit), Glycerine (veg), Sorbic Acid, \*Lime, \*Peppermint, Geraniol (Citra), Limonene, Linalool \*Lavendula Angustifolia  
(\* ingredients differ in products: mint and lime or lavender)

### Peppermint

Soothing. Reduces itching. Refreshing scent. Detoxifies skin. Contains Vitamin A and C, Potassium, Omega-3, Iron, Magnesium, Copper and Manganese. Controls excess oil secretion and helps maintain skin PH levels.

### Lime

Natural disinfectant. Aids in the removal of dry/ dead skin and clears pores due to natural abrasive properties.

### Avocado Oil:

Packed with Vitamins A, B & E, folate and plant protein

### Calendula Officinalis

A botanical ingredient that comes from the common marigold. It increases hydration of the skin by stimulating collagen production and reducing dryness of skin. Natural healing properties; anti-inflammatory properties; help blood flow; reduces visibility of scar tissue

### Lavender

Anti-inflammatory properties, which make it great for soothing and healing skin that's irritated or reddened from the sun, insect bites, or bacteria. Calming and relaxing scent.

Apply a thin layer of the foot mask to clean, dry feet using your fingertips (wash hands prior to and after application).

Leave on for 15 minutes (ideally wrap feet in cling film if possible). Do not stand up or attempt to walk around with cling film or foot mask on your feet as this could be a slip hazard.

Soak off in warm water or wipe off with a soft, clean towel.

If soaking the mask off, pat feet dry - thoroughly dry in between toes as not doing this can lead to macerated skin and make it sore.

Not for use by anyone with an allergy to any of the ingredients.

Suitable for use by those with diabetes.

Store in a cool, dry place.

Avoid contact with eyes. Not recommended to be ingested.

## Exfoliating Foot Scrub

### Ingredients:

Aqua, Xanthan Gum, Benzyl Alcohol, Salicylic Acid, Glycerin (veg), Sorbic acid, \*Peppermint, \*Lime, Linalool, Geraniol (Citral), \*Cajuput; Prunus Amygdalus; Bambusa Arundinacea; Pelargonium Graveolens

(\* ingredients differ in products: mint and lime or cajuput)

### Apricot Seed

High in Fatty Acids, Vitamins A & E, which can be used to nourish, moisturise, and soften dry skin.

Removes dead surface skin cells and surface debris. The oil is easily absorbed into the skin without leaving an oily residue

### Sweet Almond Oil

Contains calcium; magnesium; phosphorus and vitamin E to promote nourishment to skin. Contains natural fatty acids that help retain moisture and heal chapped skin. Does not clog pores.

### Peppermint

Soothing. Reduces itching. Refreshing scent. Detoxifies skin. Contains Vitamin A and C, Potassium, Omega-3, Iron, Magnesium, Copper and Manganese. Controls excess oil secretion and helps maintain skin PH levels.

### Lime

Natural disinfectant. Aids in the removal of dry/ dead skin and clears pores due to natural abrasive properties.

### Cajuput

Cajuput essential oil is extracted from the twigs and leaves of the Cajuput tree. It is very efficient in fighting infections from bacteria, virus, and fungi.

Apply small amount to each foot and massage in (half a teaspoon per foot is sufficient). Soak feet in a foot spa/ bowl of water for around 5 minutes (ensure water is not too hot before putting feet into foot spa/bowl). Rinse off feet.

Not to be used by anyone who has an allergy to any of the ingredients.

Suitable for use by those with diabetes.

Not to be used on broken, macerated or ulcerated skin

To be stored in a cool, dry place.

Avoid contact with eyes. Not recommended to be ingested.

## Lavender infused massage oil

### Ingredients

Lavender Oil, Grapeseed Oil

### Lavender

Anti-inflammatory properties, which make it great for soothing and healing skin that's irritated or reddened from the sun, insect bites, or bacteria. Calming and relaxing scent.

### Grapeseed Oil:

Anti-inflammatory, antimicrobial, and anti-oxidant properties. High in omega chain fatty acids and vitamin E.

Spray the oil directly on to the skin and massage in.

Not to be used by anyone who has an allergy to any of the ingredients.

Suitable for use by those with diabetes.

Not to be used on broken, macerated or ulcerated skin

To be stored in a cool, dry place.

Avoid contact with eyes. Not to be ingested.

### **Trial Packs:**
